Summary of Meetings and Activities Held/To Be Held (from Oct. 2013 through Oct. 2014):
SCP held a joint meeting with the NBRC in March 2014 in Knoxville, Tennessee. We toured the General Shale Spring City plant and the Crossville Tile plant. A number of technical papers were presented. The joint meeting format has allowed more members to attend while cutting costs by having the joint meeting.

Future Planned Meetings/Activities (from Nov. 2014 – October 2015):
A joint meeting with the NBRC is being tentatively planned with Denver, Colorado as a possible meeting site. There are a number of facilities that can be toured in the area.
